<p>So now you are getting a look at the real <input type="text"/> You think he has your best interests at heart? Unfortunately you are going to end up being just another used pawn or even worse discarded when he gets what he wants from you and your people. He talks too much and you are now seeing his ultimate weakness, women. He's a master manipulator and has used that talent to make loads of money and rack up quite the list of women he's charmed into bed. Your wife and girlfriend aren't safe around him if there was an opportunity for him to put another notch in his headboard or fuel his incredible ego. You should have stayed where you were at and not relocated to MT. What we've gathered is you were doing quite well and weren't beholden to anyone professionally or financially and now you are. Venturing a guess that you live in a home that's provided, owned and controlled by him 100 percent and could be put out in the street on a whim. If you had a vagina he would have bought the house and given it to you like he has other women in his life. You're just another person that can give him something or fulfill an image he wants. His idea of loyalty is probably drastically different than yours and you will suffer that sooner or later. He will dismiss everything you say or think his way is always better regardless of the scenario. He will fly strippers, girlfriends and even flings on private jets, send them on lavish and expensive vacations, cars, surgeries, etc. etc. etc. but if you asked the same luxuries he'd brush it off like he was offended you would dare ask that of him. This can't be a newsflash to you or you're as dumb as his stripper wives and girlfriends. He will be way more concerned with how some dipshit celebrity he barely knows perceives him now after his bad press than he will ever be about how this event is harming you and your family, friends, career and ultimately your finances. Why? Because he doesn't care about you. It might be a good time for you to go on a nice vacation and think about getting off the sinking ship.</p>
